## American Governance

Both systems concurrently exist today. However, the corporate system has been gaining predominance in the last 70 years. Many Sovereigns have contracted with the corporate system unknowingly, unintentionally, and or without full disclosure. Which one do You want for Yourself, Your family, and Your posterity? Once you know the difference, You may have to make a decision for Yourself, Your family, and Your posterity. That decision may require changes in how you do things. You may have to undo what has been done and make your Sovereign status known. This is not taught in government schools, because they do not want you to know this. They want power and control over the masses they call "Human Resources."

## Introduction

## INTRODUCTION

**Philadelphia** is the Capitol

The **Articles of Confederation** were agreed to by the united states in Congress assembled on November 15, 1777 and were ratified March 1, 1781. From the time of the Declaration of Independence, July 4, 1776, to the time of the Articles of Confederation there was a space of time of sixteen months and eleven days. During this period of time, the several nations, states, countries were sovereign unto themselves as relates to foreign earthly powers.

There was an **outstanding debt** of 17 million silver Lira from french banks over 21 separate occasions all due on December 1, 1789.

Therefore, a **Constitution** had to be drafted as a bankruptcy Charter.

"**Articles**" establish a sovereign nation but all "**Constitutions**" are bankruptcy charters or compacts.

**President Andrew Jackson paid the debt** in the 1830's. In 1832, while discussing the Bank Renewal Bill to a delegation of bankers, he said, "You are a den of vipers and thieves. I intend to rout you out, and by the Eternal God, I will rout you out."

The **Articles of Confederation** may still be in operation.

"He [Patrick Henry] boycotted the Constitutional Convention of 1787 because, as he so eloquently put it, "I smell a rat " and suspected the worst: that the independent colonies that had thrived for over a century were to be herded under one consolidated government, a vast government apparatus founded not on liberty, but on the bureaucratic dreams of monarchists and mercantilists like Alexander Hamilton."

Certain members of Congress created the District of Columbia from portions of two states; Virginia (Virgin) and Maryland (Mary).

Physically united together they are "**Virgin Mary** ," to form a more perfect union as a new "United States".

She is seen as other statues around Washigton D.C. She is derived from the imagery of Semiramis, wife of Nimrod, and Queen of Babylon.

Adjournment of Congress  
*sine die*

Seven southern nation States of America walked out of the Second Session of the Thirty-sixth Congress on **March 27, 1861**.

In so doing, the Constitutional due process quorum necessary for Congress to vote was (temporarily) lost and Congress was adjourned sine die, or "without day." To some, this meant that there was no lawful quorum to set a specific day and time to reconvene. Some say that according to Robert's Rules of Order, Congress automatically dissolved because there are no provisions within the Constitution allowing the passage of any Congressional vote without a quorum of the States. Keep in mind that Robert's Rules of Order was created and published by Henry Martyn Robert who was born in South Carolina in 1837. He sold a half million copies of his rules by 1914. Those rules were not made a part of the Constitution or any Amendment to the Constitution. According to The Constitution, Congress was only required to meet at least once in every year on a specific date unless changed by law and a smaller number may adjourn from day to day. Therefore, because there were no other provisions, dissolution does not take place unless "the people", the creators thereof, or the posterity thereof, the sovereigns of the states, say so.

Still existing as long as:

1. "state of war" or "emergency" exists,
2. the President does not terminate "martial" or "emergency" powers by Executive Order or decree, or
3. **the people** do not resist submission and terminate by restoring lawful civil courts, processes and procedures under authority of the "inherent political powers" of the people.

## Flag

## FLAG

**The United States of America Military Flag**

plain and simple--no gold fringe or other ornaments and symbolism attached

### **Not the original USA Military flag**

Some say it is a flag of Admiralty/Maritime type jurisdiction and is not suppose to be used on Land. Others say it's not a flag at all, but fiction.

However, the gold fringe which surrounds the flag gives notice that the American flag has been captured and is now being used by the corporate so-called "government to give notice of its jurisdiction.

Prior to the 1950's, state republic flags were mostly flown, but when a USA flag was flown it was one of the following:

1. **Military flag --Horizontal stripes, white stars on blue background\*\***
2. **Civil Flag --intended for peace time usage, denoting civil jurisdiction under the Constitution and common law, has vertical stripes, blue stars on white background--last flown before Civil War\*\***

**\*\*Has no fringe, braid (tassel), eagle, ball, spear, etc.**

**(Although the codes do not apply here, the USA Military flag is described in Title 4 of USC)**

**The continental USA is at peace**

Appears to be a "USA flag" but has one or more of the following:

1. **Gold fringe** along its borders (called "a badge")
2. **Gold braided cord** (tassel) hanging from pole
3. **Ball** on top of pole (last cannon ball fired)
4. **Eagle** on top of pole
5. **Spear** on top of pole

The flag shown above is Not described in Title 4 of USC and therefore is illegal on land except for maybe (1) the President since he is in charge of Naval Forces on high seas, and (2) naval offices and yards. President Eisenhower settled the debate on the width of the fringe.

The so-called justification for a Naval/Maritime flag to be on land is that all land was under the high water mark at one time even if it was eons ago.

## Governing Body

## GOVERNING BODY

Three separate Departments

1. Executive
2. Legislature--can enact **positive law**
3. Judicial

**Separation of Powers**

"To announce that there must be no criticism of the President, or that we are to stand by the President, right or wrong, is not only unpatriotic and servile, but is morally treasonable to the American public."  
 --Theodore Roosevelt, 1912

The President (a Caesar) rules by **Executive Order** (Unconstitutional)

Congress sits by resolution not by positive law.

**MEDIUM OF EXCHANGE**

Has no substance--Built on credit

Controlled by US Treasury

**Real Money**

Assets of value such as gold or silver or can be exchanged for same.

Many of the older generations of the American people were taught to write the "S" with two lines through it. The two lines was a derivative of the "U" inside the "S" signifying "Units of Silver". The United States of America silver dollar is the accepted and approved uniform monetary unit (coin standard). The United States of America did not issue paper money until 85 years after its independence from Britain, and when it did, it was backed by silver or gold. Even at that, early Californians refused to accept and use paper currency, especially the people in San Francisco.

**Phoney Money**

Not backed by assets but thrives on faith alone.

Today, all computer programs, stock certificates, financial paper, accounting records, balance sheets and summaries, bills, bonds, Promissory notes, bank paper such as checks, et cetera use the familiar symbol  having only one line through it to denote the amount of debt considered.

All Notes are "I Owe You's" (IOU's) including **Federal Reserve Notes** (FRN's) All Notes represent debt. The corporate UNITED STATES is in bankruptcy and has no assets but can only monetize debt.

**Lawful Money consist of:**

1. **Silver coins\*** (Silver Specie)  
Silver dollar--standard unit of value containing 90% silver
2. **Gold Coins\*** containing 90% gold
3. Spanish milled dollar called the "real." and its fractional parts such as the "medio" (half-real).
4. Warehouse receipts or certificates redeemable in gold or silver\* such as "Silver Certificates" and "Gold Certificates" are not in itself money but is an exchange for a specified amount of lawful money.

\*Issued by the **Treasurer** of the United States of America.

"The first coins issued by authority of the United States were the "Fugio" cents. Entries in the Journal of Congress . . ." "Saturday, April 21, 1787. . ."

"That the board of treasury be authorized to contract for three hundred tons of copper coin of the federal standard, agreeable to the proposition of Mr. James Jarvis, . . . That it be coined at the expense of the contractor, etc." "On Friday, July 6, 1787, there was "Resolved, that the board of treasury direct the contractor for the copper coinage to stamp on one side of each piece the following device, viz: thirteen circles linked together, a small circle in the middle, with the words 'United States,' around it; and in the center, the words 'We are one'; on the other side of the same piece the following device, viz: a dial with the hours expressed on the face of it; a meridian sun above on one side of which is the word 'Fugio,' (The meaning is, 'time flies') and on the other the year in figures '1787', below the dial, the words 'Mind Your Business.' The legends have been credited to Benjamin Franklin by many, and the coin, as a consequence, has been referred to as the Franklin Cent."

"These cents were coined in New Haven, Conn., and possibly elsewhere. Most of the copper used in this coinage came from military stores. It is believed to have been the copper bands which held together the powder kegs sent to us by the French."

--A GUIDE BOOK of UNITED STATES COINS 35th Edition

A "**dollar**" was defined by law as 371.25 grains of pure silver, which was the amount contained in a One-Dollar silver coin.

The **gold eagle** was equivalent to Ten silver dollars and had 247.50 grains of pure gold.

Therefore, 371.25 grains of pure silver was equivalent to 24.75 grains of pure gold;

**Legal Tender consists of:**

1. Federal Reserve Notes (FRN's)\*\*\*
2. Bonds
3. Other Notes--evidences of debt.
4. Tokens--clad coinage having no inherent asset value.
5. "A unit of debt" in a cashless society--  
Electronic banking.

\*\*\*Issued by the **Federal Reserve Bank (FRB)**--A private corporation created by the Bank of England in 1913 and is owned by foreign bankers/investors The Federal Reserve is a continuation of the "**Exchequer**" of the Crown of England.

**Congressman McFadden Speaks Out**

**Congressman Traficant Speaks Out**

"Some people think the Federal Reserve Banks are U.S. government institutions. They are not government institutions. They are private credit monopolies which prey upon the people of the U.S. for the benefit of themselves and their foreign and domestic swindlers and rich and predatory money lenders." Chairman Louis T. McFadden, House Banking and Currency Committee, June 10, 1932.

The amount of FRN's printed is based upon the corporate government's borrowing or appetite for debt. For example: If the corporate government prints \$100 billion in interest-bearing U.S. bonds and takes them to the Federal Reserve. The Federal Reserve places the \$100 billion in a checking account and the government writes checks or prints debt currency against the balance. In other words, this private banking system creates so-called

a **15:1** ratio.

Coinage started in **1783**. The first gold coins were made July 31, 1795 and consisted of 744 half eagles. The **first paper currency** was issued in **1862**. Coinage of Silver coins for circulation ended with the 1964 coins.

**Silver Certificates** were contracts initially redeemable in face value silver coin or silver bullion. Silver Certificates were released into circulation in 1878, redemption in silver dollars ceased in 1934, last printed in 1957, and redemption in all forms ceased on June 24, 1968.

**Gold Certificates** were contracts initially redeemable in face value Gold coin or gold bullion. Gold Certificates were released into circulation in 1882 and ended in 1928.

Under the "**free coinage**" provision, no charge was to be made for converting gold or silver bullion into coins "weight for weight." At the depositor's option, however, he could demand an immediate exchange of coins for his bullion, for which privilege a deduction of one-half of one percent was to be imposed.

Although a government **mint** was approved February 21, 1782, no immediate action was taken. The first mint building was erected in 1792 on Seventh Street near Arch in Philidelphia. The first coin struck was the half disme (half-dime). Fifteen hundred were produced during the month of July 1792 before the mint was completed. File marks on early coins was a mint process of weight adjustment.

--A GUIDE BOOK of UNITED STATES COINS 35th Edition

money out of thin air and the bankers get interest on it forever. In addition, new debt and debt currency has to be created just to cover the compounding interest. An ideal "Ponzi scheme."

Keep in mind that bonds are IOU's and are to paid back by the people through their future labor or the labor of their posterity. That is why wars are created and perpetuated, government bureaucracy and empire building increases, and superfluous spending continues. They create an ongoing and ever increasing debt to enslave the people and their posterity. Debt must be continually created to feed the debt-credit economy system.

The so-called expanding economy always needs new debt notes (FRN's) and therefore more debt must be created. Budgets can never be balanced in this type of system. If the budget is balanced, the economy will collapse because no new FRN's can be printed and no new debt credit created.

The FRB pays 2½ ¢ per FRN note printed whether \$1 or \$1000. The US in-turn pays FRB interest indefinitely for each outstanding note or representation of a note. With electronic banking FRN's are created out of nothing and nothing being printed. *What a deal!*

**"If the American people ever allow private**

The Greenback Act was revoked and replaced with the **National Banking Act** in 1863. An Act passed on April 12, 1866 authorized the sale of bonds to retire currency called greenbacks.

FRN's were first issued in 1914.

millions of dollars of gold was taken out of this Country and transferred to England.

All of the remaining assets of the US citizens, including their person, are held by the Depository Trust Corporation (DTC), the central securities depository, at 55 Water Street, New York, NY - secured by Uniform Commercial Code (UCC) Commercial Liens, which are then monetized as "debt money" by the Federal Reserve.

Under the umbrella of the DTC lies the CEDE Corporation, the Federal Reserve Corporation and the American Bar Association, the "legal arm" of the banking interests.

## Sovereigns

## citizens

**Living Souls** coming out of mothers womb onto the land of a state of the union are "Sovereign", "Freemen", and "Freeborn" unless that right is given up knowingly, intentionally, and voluntarily upon full disclosure.

**US citizens** (Chattel Property) are belligerents in the field and are "*subject to its jurisdiction*" (Washington DC)

U.S. citizens are **14th Amendment citizens** implemented by the Civil Rights Act of 1866 originally established for the newly freed slaves.

That is to say: "Now slaves of the corporate government plantation"

### The people are Sovereign

"...at the Revolution, the sovereignty devolved on the people; and they are truly the sovereigns of the country, but they are sovereigns without subjects... with none to govern but themselves; the citizens of America are equal as fellow citizens, and as joint tenants in the sovereignty."

--Chisholm v. Georgia (US) 2 Dall 419, 454, 1 L Ed 440, 455 @Dall 1793 pp471-472

### Amendment X

"The powers not delegated to the United States by the Constitution, ...are reserved to ...the people."

Today, almost all mothers, black or white, unknowingly inform on their own babies. Take a look at the so-called "Birth Certificate" CERTIFICATE OF LIVE BIRTH where the mother signs and you will see the title of the box stating in small print:

**"MOTHER OR OTHER INFORMANT".**

The word "OTHER" makes **the mother "an informant."** By signing the "Birth Certificate" as an informer, she contracts with the government putting her child and her child's future labor as collateral for the national debt (servitude--slavery). The father or mother can rescind the contract within three business days (Truth-in-Lending).

Since the Birth Certificate neither lists the father as the husband nor lists the wife's acceptance of the fathers surname as her own but has the mothers maiden name instead, the baby is considered a **BASTERD**. Bastards are therefore under the care and control of the Priest Rule (democracy) and can be taken from the mother at any time.

The **hospitals** receive a fairly large monetary

	benefit (\$3,000, more or less, per child) from the corporate government for having Birth Certificates filled out and signed.

People become surety for the debt by a number of different ways. One way is by a **Birth Certificate** when the baby's footprint is placed thereon before it touches the land. The certificate is recorded at a County Recorder, then sent to a Secretary of State which sends it to the Bureau of Census of the Commerce Department. This process converts a man's life, labor, and property to **an asset** of the US government when this person receives a benefit from the government such as a drivers license, food stamps, free mail delivery, etc. This person becomes a **fictional persona in commerce**. The Birth Certificate is an unrevealed "**Trust Instrument**" originally designed for the children of the newly freed black slaves after the 14th Amendment. The US has the ability to tax and regulate commerce.

**Bond Servant**

To cover the debt in 1933 and future debt, the corporate government determined and established the value of the future labor of each individual in its jurisdiction to be \$630,000. A bond of \$630,000 is set on each Certificate of Live Birth. The certificates are bundled together into sets and then placed as securities on the open market. These certificates are then purchased by the Federal Reserve and/or foreign bankers. The purchaser is the "holder" of "Title." This process made each and every person in this jurisdiction a bond servant.

### California's republic Flag

This flag was first flown on **June 14, 1846** by American settlers in California who revolted against Mexican rule in California and proclaimed an independent republic. This short-lived revolution ended on **July 9, 1846**. They raised a bear flag that had a gold star and red stripe from "Old Glory" and a gold color silhouette of the California Grizzly. [\(More Historical info\)](#)

This flag is seen today in the corporate STATE OF CALIFORNIA usually with a gold fringe around it or with gold tassels, or with a ball or spear on top of the pole. This corporate flag has a red star

*In California, the US corporate military flag is required to be flown above the corporate California flag indicating which one is superior or submissive to the other.*

California's original constitution was adopted by the people of California and went into effect on **November 13, 1849** California was admitted into the union as a Republic on **September 9, 1850**.

--Volume 9, Statutes at Large, Page 452

The people created the original state constitution to give the government limited powers and to act on behalf of, and for the people.

Four days after being admitted, the President said "...which, on due examination, is found to be republican in its form of government..."

The original constitution was revised and adopted by the corporate State of California on **May 7, 1879**

*It has been revised many times hence.*

On April 24, 1950, the U.S. District Court of Appeal, Second District, Division 2, State of California, with Justice Wilson presiding in a case titled "SEI FUJI v. THE STATE OF CALIFORNIA" decided that the **Law of the Land** is the **United Nations Charter**

#### Preamble

"We the people of **California**, grateful to Almighty God for our freedom: in order to secure its blessings, do establish this Constitution"

#### Preamble

"We the People of **the State of California**, grateful to Almighty God for our freedom: in Order to secure and perpetuate its blessings, do establish this Constitution"

Adjournment *sine die* occurred in California on **April 27, 1863**

A one word change in the original State (California) constitution from "unalienable" to "inalienable" made rights into privileges

*"Inalienable" means government given rights that are "in-a-liable" condition.  
"Unalienable" means God given rights that are "not-in-a-liable" condition.*

Unalienable vs Inalienable

Debt

DEBT

None!

Wouldn't it be nice to be completely out of debt, personally, and have a stash of gold and silver besides?

Trillions of Dollars

First **bankruptcy** was in 1863

In 1865 the total debt was  
**\$2,682,593,026.53**

A portion was funded by **1040 Bonds** to run not less than 10 nor more than 40 years at an interest rate of 6%

When a government goes bankrupt, it **loses its sovereignty**.

In 1933 the U.S. **declared bankruptcy**, as expressed in Roosevelt's Executive Orders 6073, 6102, 6111, and 6260, House Joint Resolution 192 of June 5, 1933 confirmed in "Perry v. U.S. (1935) 294 U.S. 330-381, 79 LEd 912, as well as 31 United States Code (USC) 5112, 5119, Senate Report 93-549, and 12 USC 95a.

Members of Congress are the official **Trustees** in the bankruptcy of the US and the re-organization

Taxation

TAXATION

Limits on taxation

No limit on taxation

Direct taxes such as "**Income taxes**" are unlawful

Income taxes are legal and ever increasing

Indirect taxes such as **excise tax** and **import duties** are lawful

Other taxation's such as inheritance taxes are legal

IRS's **1040 forms** originated from the 1040 Bonds used for funding Lincoln's War

1863, first year income tax was ever used in history of US

The **IRS** is a collection arm of the Federal Reserve. The Federal Reserve was created by the Bank of England in 1913 and is owned by foreign investors. The IRS is not listed as a government agency like other government agencies.

**"All individual Income Tax revenues are gone before one nickel is spent on services taxpayers expect from government"** --Ronald Reagan, 1984

Grace Commission Report

This corporate Government is actually funded by the trillions of dollars collected from duties on import/exports and the excise taxes placed on cigarettes, Liquors and other products. Not one cent of the trillions collected from income taxes by IRS runs the government. Highways are funded by Gasoline taxes. The Postal Service is run like a business and is funded by postage (stamps and the like).

**Internal Revenue Laws were Repealed in 1939**

Read what former IRS agents have to say:

**Sherry Peel Jackson, CPA**

**Joe Bannister and John Turner**

The Constitution provides for imposts, excises, and duties to provide funds for running the government.

Jesus asked Peter "From whom do the kings of the earth collect duty and taxes--from their own sons or from others?" Peter replied "From others. Jesus said to him "Then the sons are exempt" --Matthew 17:25

## Benefits

**Unalienable rights**  
(are "not-a-lien-able" condition)  
meaning "can not be liened"  
in other words, "cannot be infringed upon"

## BENEFITS

**Inalienable rights**  
Government given rights  
that are really **Privileges.**

(rights that can not be taken away or lost)  
Composed of:

God given rights,  
Substantial rights,  
Fundamental rights,  
Natural rights (breathe, locomotion etc.)

**Unalienable vs Inalienable**

Right to Enjoy:

1. **Life**
2. **Liberty**
3. pursuit of **Happiness**
4. full **property ownership.**

**"The Master does not ask his servants  
or slaves for benefits."**

No US benefits--Every living soul is responsible for themselves and has the option of helping others.

Each living soul gives accordingly to help others in need and receives the credit or gives the credit to his Maker and Provider.

**No tax burdens  
or government debt obligations.**

Can be taken away at any time  
(are "in-a-lien-able" condition)

So-called Benefits are as follows:

**1. Social Security**

Applying for and receiving an "SS card" makes one a member of the "US DC Communist Party" and is eligible for benefits of the party membership. Since one is eligible for benefits, 100% of ones earnings (wages) belongs to the party and the party determines what they will keep and how much you will get back. (You paid all your working life and there are no guarantees that there will be money for you to help in retirement)

2. **Medicare**
3. **Medicaid**
4. **Grants**
5. **Disaster relief**
6. **Food Stamps**
7. **Licenses and Registration**

(Permission)

8. **Privileges only, no Rights**
9. **Experimentation** on citizens without their consent.

Corporate government takes your money and gets credit for helping others. Politicians in return create more such programs to get more votes. Eventually there is no more to collect and give. Everyone becomes takers and there are no givers. The government then collapses within. That is why democracy never survives.

**Records**

**RECORDS**

**Ex-officio** clerks

County Clerk is also Clerk of the superior court, (i.e. a court of **common law**) and "**courts of record**"

Records are also kept by Sovereigns such as in a **family Bible**

County Clerk

**Recorders Office**

Created by statute to keep track of the corporate government's holdings which are applied as collateral to the increasing debt. The written records are a continuation of the "**Doomsday Book**" which keeps track of the Crown of England's holdings. The "Doomsday Book" originated as a written record of the conquered holdings of king William, which was later the basis of his taxes and grants.

Property recorded at the recorders office makes the corporate de facto government "**holders in due course**"

## Free Enterprise

## CAPITALISM

The people engage in **free enterprise** by trading ones labor for anothers labor.

There is no filing, registering, or obtaining permission or licensing from any government structure.

The people are responsible for themselves and each other.

The people do not rely on insurance to overcome irresponsibility and capriciousness.

Composed of, encourages, and creates a corporate structure of corporations and big business that use people as human resources to further its goal to grow and expand and become more powerful thereby eliminating competition and becoming more controlling.

The thing created (the corporation) becomes more powerful than the creator (man) who created it. Man is no longer free but is subservient (a slave) to the corporate structure. The corporate structure needs to reduce the wages of its human resources to decrease cost to increase profit to keep growing.

Corporations eat each other and grow bigger and more powerful thereby allowing fewer persons having big egos controlling the lives of the common folk from cradle to grave.

Corporations have no feelings. Corporations primary purpose is to grow and are thereby less responsible and less sympathetic towards the people, thereby rely on and utilize insurance or other resources such as the corporate government to bail themselves out of irresponsible critical situations.

"You will not fight for the right when you can easily win without bloodshed, if you will not fight when your victory will be sure and not so costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance for survival. There may be a worse case. You may have to fight when there is no chance of victory, because it is better to perish than to live as slaves." -- Winston Churchill

"Education is the best security for maintaining liberties, and, "a nation of well-informed men who have been taught to know and prize the rights which God has given them cannot be enslaved. It is in the region of ignorance that tyranny reigns."-- Benjamin Franklin, Autobiography

"If ye love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom, go home from us in peace. We ask not your counsels or arms. "There are many people involved in the fight to return our country to a sovereign nation and there are many people who are just plain sick and tired of the "governmental" controls placed on our every day lives. The "government" controls our lives via taxation, levies, traffic tickets, code enforcement, licensing, permits, registrations, inspections, the mails, banking, child protective services, airport "in"-security, etc.... They listen to our telephone conversations, read our e-mails, rifle through our belongings during roadside searches and now they can come into our homes without a search warrant - even when we're not home. Troops are already being trained to stop us on the highways and demand to see our "papers please." Does any of this sound remotely familiar? Think it can't happen here? When is enough going to be enough? At what point do we say "NO MORE!?"--Ann Sims 2003

"Warning to Americans from a Russian Emigre. ... I came to the United States in the '70's from the very possible future of America - Russia. "When force is the standard, the murderer wins over the pickpocket, and then that society vanishes, in a spread of ruins and slaughter. Do you wish to know whether that day is coming? Watch Money. Money is a barometer of a society's virtue. When you see that trading is done, not by consent, but by compulsion - when you see that in order to produce, you need permission from men who produce nothing - when you see that money is flowing to those who deal, not in goods, but in favors - when you see men get richer by graft and pull than by work, and your laws don't protect you against them, but protect them against you - when you see corruption being rewarded and honesty becoming a self-sacrifice - you may know that our society is doomed. Money is so noble a medium that it does not compete with guns and it does not make terms with brutality. It will not permit a country to survive as half-property, half-loot. Whenever destroyers appear among men, they start by destroying money, for money is men's protection, and the base of a moral existence." --Ayn Rand
