## **CEASE AND DESIST ORDER TO ALL INTERNATIONAL MEDIA ORGANIZATIONS**

**Brussels, Belgium** - Under Universal Common Law, as of this sixth day of September, A.D. 2013, formal and official Final Notice is given to the International Media, to publish the truth about what is really going on in our world, instead of manufacturing propaganda and pretending it is reality, in order to maintain the enslavement of Mankind.

On December 25, A. D. 2012, the trustees of the One Peoples' Public Trust (OPPT), via their UCC filings (Refer: DECLARATION OF FACTS: WASH DC UCC Doc# 2012127914, Nov. 28, A. D. 2012; TRUE BILL: WASH DC UCC Doc# 2012114776, Oct. 24, A. D. 2012), lawfully foreclosed on the current, global corporate and financial system of slavery and servitude.

The corporate-controlled governments and corporate-controlled media agents have refused to announce their own demise since the foreclosure – for obvious reasons. Therefore, we have a duty to inform all People of the world about the U.N. SWISSINDO/OPPT announcements, and to help people understand what happened and how, and to direct them to the information that is necessary to start the process of a worldwide transformation that we have all been waiting for.

The global media body, also known as the “Mainstream Media”, was duly notified of these filings by the One Peoples' Public Trust, on February 5, A. D. 2013.

From then until the present time, the Mainstream Media has failed to report, comment or even acknowledge the foreclosure of the entire commercial and financial system. Why not? Because it is an undeniable fact that the Mainstream Media is an integral part of that same subversive global system; the very same system that is directly responsible for enabling illegal wars, covering up war crimes, financial terrorism, genocide and crimes against humanity. All of these atrocities and worse have been ongoing, at an ever-increasing rate, for more than a hundred years.

United Nations Security Council Resolution 1624 (A. D. 2005) prohibits incitement to commit acts of terrorism and calls on U. N. Member States to prohibit it by law, to prevent such conduct and to deny safe haven to anyone “with respect to whom there is credible and relevant information giving serious reasons for considering that they have been guilty of such conduct.” The Mainstream Media’s ongoing complicity in hiding

news of false flags events, and other heinous crimes is unquestionable, even though conscience and common decency demand that the media has a duty to the public to truthfully report on the ALL the material Facts; particularly when the exposure of certain material Facts can stop a war and expose crimes against humanity.

In addition to the material Facts stated above, the Mainstream Media has intentionally refused to even to acknowledge the United Nations Millennium goals, or the release of funding from the U. N. SWISSINDO Trust, which could rightly be called the most important event of the century, if not the millennium. The SWISSINDO funding can immediately nullify the banker-planned global financial system collapse, and remove forever the debt slavery system, which the corporate governments and banks have forced upon Mankind, through deliberate deception and vicious wars. Funding has already been provided for application of amazingly powerful new technologies and programs. Just one such technology is fully capable to clean-up the Fukushima disaster; a disaster of such epic proportions that it threatens not only all human life, but all plant and animal life on this planet, as well.
